Other Marking should conform to the International Rules and Regulations Governing packing signs and symbols.

6. Packing of exhibits

Exhibitors shall be responsible for the consequences of improper packing.

A)

As exhibits are repeatedly loaded and unloaded during transportation, shocking/bumping will sometimes be inevitable. Moreover, exhibits will be placed outdoors many times, including open-air storage at the exhibition site before and after the exhibition. Therefore, exhibitors must take necessary precautions against damage and adverse weather conditions, since we can not assume any responsibility for the damage, especially when return exhibits are to be packed with used packing materials (the case as well as aluminum foil, plastic covers etc. would have already been damaged during unpacking).

B) The case must be strong enough to avoid damage during transportation as well as unpacking, and in particular, be suitable for repacking and for sale or return movement after the exhibition. Packing in cartons is not considered suitable for repeated handling, especially for valuable or delicate items.

C) As the customs requires the official forwarder to be responsible for every exhibit, exhibitors should not be allowed either to take any of their exhibits out of the exhibition site before, during and after the exhibition without prior arrangement with the Customs through us. We shall not be

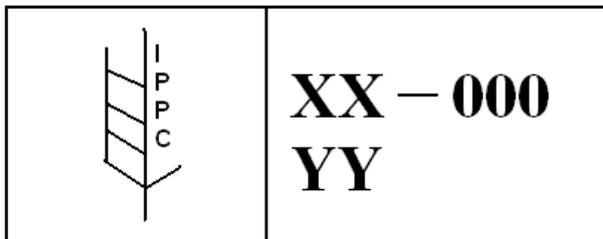

responsible for any confiscation and fines arising therefrom.

7. Quarantine inspection and fumigation

A) For cargoes with wooden packing

- 1) Chinese Quarantine Authority strictly request that all cargoes with wooden packing, from all countries and regions, must undertake fumigation treatment.
- 2) All non-manufactured wood packaging material to be used to carry, pack, pad and support, and reinforce the goods, such as wood case, crate, pallet, frame, pal, wood pole, wedge, sleeper and pad.
- 3) Those wood composite products after being heated and pressed treatment, such as plywood, particleboard and fiberboard. Veneer core, saw dust, wood fiber and particle and other wood materials with its thickness equal or less than 6mm.
- 4) All import wood packaging materials should be treated by Heat Treatment (HT) or Methyl Bromide (MB) fumigation at the origin, and put the Mark of IPPC (as below) on two opposite sides of the wooden packaging material.
- 5) If the wood packaging materials without the approved mark or with approved mark being intercepted the alive harmful pest, the packing materials will be fumigated or the cargoes will be returned to the origin.

B) For live animals/plants and foods

- 1) For live animals / plants, Declaration form and Temporary Import application should be submitted to us in advance, and shipments can only be made after the permission of Chinese relevant authorities. (min. 6 weeks to process import permits covering all food & beverage exhibition samples) Because the fumigation procedure will take some time, the exhibitors are reminded not to expect to receive their exhibits very soon.
- 2) Apply for foods, including fruits, vegetables, tins, gems, exhibitor are required to submit the following document to China Entry & Exit Inspection and Quarantine.
 - a) Original certificate
 - b) Quarantine certificate provided by the quarantine department of the export country or area.
 - c) Inspection certificate for foods provided by the quarantine department of the export country or area
 - d) Health and sanitation certificate

According to the quarantine inspection authority, any kind of meat and dairy products are not allowed to be imported into China. So exhibitors are suggested not to transport or carry any of the said products.

All the charges of quarantine inspection and / or fumigation for the incoming and return shipments will be levied according to our Tariff.

8. Materials for Censoring

“ Advertising materials , literatures and audio/video materials including films ,lantern slides , recording tapes , video tapes , optical discs and magnetic media products , records , photos , maps , illustrations , directions , souvenirs , gifts , given-away and other publicity materials shall be allowed for display or use at the exhibition only after exhibitors have presented beforehand the above mentioned materials to Customs Officers for inspection and approval .

Therefore, exhibitors shall not make use of these materials before censoring. For this purpose, exhibitors should send samples of the above materials (2 copies) to us on site before the exhibition. All these materials will be handed over to the customs for inspection in advance.

9. Hand – carried exhibits

Exhibitors are strongly advised not to hand carry goods for this exhibition. However, exhibitors with hand-carried goods to the show, they should then declare to customs at the airport that their hand-carried goods are for exhibition purpose.

If hand-carried exhibits are detained by the Airport Customs Office, Hi-expo may handle the Customs declaration (in temporary basis) with a detention note issued by the Customs Office and collect back the goods from Shanghai Pudong airport (may take 2 working days, and the charge will be the same as inbound air-freight shipment). According to Customs regulation, hand-carried exhibits can not be hand carried out of China and should be re-exported by Hi-expo.

10. Stand layout plans

For those exhibits equipment, which over 1,000kgs in single piece, please complete the “Stand Layout Plans” showing exactly where this equipment should be placed in your booth. A surcharge will be levied for any repositioning of exhibits.

All exhibitors are requested to have their exhibits fully covered insurance for the whole in/return journey, include exhibition period. Hi-expo will not be responsible for any loss of or damage to exhibits which are not insured by exhibitors.

12. Dangerous , radioactive , strategic and reefer cargoes

Some of the above items are prohibited / limited to move-in to the exhibition hall, and the carriers (Shipping Line and Airline) will only accept those cargoes subject to availability. So before shipping

those items to the fair, please submit us all the specification and volume of the cargoes for checking with the relevant parties for confirmation

13. Closing of exhibition

During the exhibition, our staff on site will go to your booth to confirm and check the related issues about disposal of exhibits and fill out the "INSTRUCTIONS FOR DISPOSAL OF EXHIBITS "

Exhibitors must pay special attention to the following customs regulations:

- A) Declaration of contents in each package must be correct
- B) Items (e.g. personal effects, souvenirs bought in China etc.) other than those declared exhibits are absolutely not allowed to be returned together with exhibits.
- C) Everything, having been declared to the Customs before the exhibition opening, must not be disposed or taken away by exhibitors without being declared to Customs after the closing of the exhibition .Otherwise, exhibitors should be responsible for any penalty by the Customs arising therefrom.

14. Return of exhibits

All return shipments will not be arranged before exhibitors have gone through all customs clearance procedures and handed over exhibits as well as submitted instructions to us. Once these instructions have carried out with customs and relevant transportation parties, any changes will not be accepted.

All the return shipment should be arranged by us, including the space booking of air or sea shipment. Otherwise, we will not be responsible for any consequences arising therefrom.

15. Payment

A. Deadlines for payment
